

CONVERTING QUARTERLY

Web Processing & Finishing Technologies

2025 MEDIA KIT

WHAT IS
CONVERTING
QUARTERLY?

Converting Quarterly reaches a targeted audience in the roll-to-roll, web-processing and finishing industries through print and online distribution. Packed with technical papers on breakthrough converting technologies and the latest research, market forecasts and industry trends, the magazine provides actionable content that makes a difference in production management and new-product design & development.

OUR
MISSION

As the official publication of the Association for Roll-to-Roll Converters, *Converting Quarterly* serves the technical information needs of coater, laminator, film-maker, flexo/gravure printer, slitter/sheeter and finishing professionals. Each issue seeks to inform a broad range of end-user markets, including flexible packaging; tapes; labels; unprinted rolls & sheets; batteries; and specialty materials.

WHY
US?

			
20,000+ print & digital subscribers each quarter	19,221 digital edition page views each month	7,200 inboxes get CQ eNews each week	9,754 avg. website page views each month

Through the combination of both our print distribution and digital-edition readership, *Converting Quarterly* magazine reaches more than **20,000+ specific web-processing professionals** involved in solution/vacuum/extrusion coating, laminating, metallizing, flexo/gravure printing, slitting/sheeting and finishing operations. From technical papers on breakthrough roll-to-roll technology to Q&A columns and market forecasts, *Converting Quarterly* is a targeted resource for converters of **flexible packaging; tapes, labels & tags; unprinted rolls & sheets; specialty materials; batteries**, and more.
